Hello readers,

Another year has come to a close and we focus our thoughts on the future.

We wish each other a happy New Year. Some of us make resolutions. Some of them will have been broken in just a few days. Some of us will plan holidays or shopping trips to the sales.

But for some of us it will be difficult. We may be facing change; we may be facing uncertainty; it may be the first year without someone we love. And who knows how our country will be shaped by politics this year. (N.B.I write this before the election)

However you see 2020, the New Year is certainly a good time to pause for some reflection.

But have you noticed that 'new' seems to have gone out of fashion?

If you want to be the smart girl (or boy) about town you buy vintage, or grunge or preloved. I read recently that the really cool move is to go to the charity shops in the wealthiest part of town and that's where you'll find really good fashion friendly bargains.

Our newspaper has a style item in the Saturday colour supplement that is no longer about the best new garments to wear if you want to look good but how to rework the clothes you have already got. It encourages you to put together items that have vanished into the dark recesses of your wardrobe; items that you would never have paired up a few years back.

Or maybe you don't buy at all. I noticed, on day time TV, a programme where someone salvaged goods that were on their way to the tip and totally revitalised them. Sometimes they just made the object beautiful again but sometimes changing its whole purpose. Either way a piece of rubbish had a new lease of life.

In our own small way, we recently painted a two bedside tables and a chair to give a new look to our spare room. Although I say it myself, I think they look good and have updated the room.

So in 2020 perhaps you shouldn't be thinking of new resolutions but of recycling or upgrading old ones. Maybe you would want to reread a good book; to look again at a hobby that you let slip; maybe reconnect with a friend who seems to have fallen off your horizon; perhaps remind yourself of the benefit of having some exercise each day. Perhaps there was a charity you were thinking of supporting but didn't get round to action.

Or maybe you have a Christian belief that could do with a revamp. Perhaps a faith that you left behind with your childhood. Maybe you would like to pop into a church service or just spend some time in silence in our beautiful church building. You'd certainly be made very welcome at worship at St Brandon's. Perhaps you could reread some of the Bible in a different version rekindling the vitality of the words that you haven't read for a long time. Maybe you could look at a different way of having a conversation with God or try to talking to him again after an absence.

I'm sure this New Year will have many opportunities and I hope God will bless you, and give you a good recycling 2020.

Fiona Eltringham

Thank you from the Shoebox Appeal

We have received this message from David Arbon the co-ordinator of the Shoebox Processing Centre for North Durham.

On 29 November, we loaded a truck with 9586 shoe boxes in 1012 cartons and these were destined for a four day journey to Belarus. A second truck came on 4 December and was loaded with 154 cartons which we had fetched from the Newcastle warehouse and the final 178 cartons (1652 boxes) from our own warehouse. This lorry was stopping off at the Liverpool warehouse to complete his load and then travelling on to Albania, a country we have never supplied with shoe boxes before.

I am immensely grateful to all those who have worked so hard to achieve this result – 157 volunteers giving almost 3000 hours of their time, which is in addition to all the work that goes on throughout the year. It has been a magnificent effort and I am especially grateful to my core team and to the owner of the warehouse who lent it to us without cost.

Thank you once again for all the commitment to this amazing appeal. Over 11000 children are going to receive a Christmas present because of what you have done.

Finally, I would like to wish you a very happy Christmas and a healthy 2020

Every blessing,

David Arbon

ALL AGE

**If you've not been but want to come
Then get yourselves along
We'll all introduce ourselves
And sing the Great Big God song!
We'll show you that it's church alright,
But not church as you know it!
The best way for you to see God's love
Is for us to share it and show it!**

Report from the Parish Council

At the December meeting there was concern expressed by residents regarding the traffic and congestion during the recent Castle Craft Fair. After an open and constructive discussion with the Castle and Hobbs family representative it was agreed that they would consider all the concerns and propose improvements to alleviate this for the next Craft Fair.

The Parish Council are moving ahead with making improvements to the A690 roadside verges working with Durham County Council. This is to include cutting back the overgrown verges and trees, clearing pathways and making the speed limit signs more visible. DCC plan to get this work underway in January and there may be some minor traffic disruption while work is in progress.

The next Parish Council meeting is on Monday 13th January, 7:30pm in the Village Hall, all are welcome to attend.

Brancepeth Castle craft fair

We would like to apologise for the inconvenience caused by the recent craft fair, particularly to residents of The Village. We have been made aware that the heavy levels of traffic caused parking problems. It is important to us that the castle should be seen as an asset to the whole village. A huge amount of time, effort and money has gone into maintaining the building over the past 40 years as we seek to secure it for future generations. The craft fair is one of the main ways we can raise these funds, and every penny of profit is ploughed back into the upkeep. At the same time we know we have a responsibility to reduce inconvenience to the village. So we are working with a range of authorities, including the Parish Council, to look at ways in which this can best be achieved. Over the years the support and involvement of so many village people has been critical in making the castle live again, and we recognise the responsibility we have in return.

The Trustees.

Thanks,

Tom Hobbs
